Declaration Reference and Key Data

Obligation Section Number: 5.07 (c)(xxii)
Obligation Title: Medical Technician Training Program
Obligation Page Number: 57
Obligation Trigger: Issuance of First New Building Permit
Obligation Start Date: December 22, 2010 (Issuance of First New Building Permit)
Obligation End Date: December 22, 2020
Obligation Status: In Compliance

Obligation

In accordance with the Declaration of Covenant and Restrictions Section 5.08, Obligation 5.07 (c)(xxii) is modified to clarify the obligation. In general, the scope of services to be provided has not been changed. Empire State Development approved this modification via official letter on July 12, 2016.

Medical Technician Training Program. Commencing with the issuance of the first Building Permit for a New Building on the Project Site, CU shall commit $1 million (no in-kind substitution) to expand the CUNY – Columbia Health Sciences Award Program. This program is designed to increase the number of residents from Community Districts 9 and 12 pursuing careers in health services.

Evidence of Compliance

1. Letter expressing commitment of funds
2. Annual report

Columbia University’s Implementation Plan and all supporting documentation are made available on the Community Services Webpage at http://manhattanville.columbia.edu/community/benefits-and-amenities.
EOC Checklist for Obligation 5.07(c)(xxii):

Please check to verify EOC items submitted for review.

☐ 1. Letter expressing commitment of funds

July 1, 2013

Dear [Redacted],

Through a special partnership between Columbia University, The City University of New York ("CUNY") and the northern Manhattan community, the CUNY/Columbia University Health Sciences Internship Awards Program, renamed the Stanley E. Michels Health Careers Scholarship Program in 2013, (the "Program") was created to increase the number of local residents entering the medical field and to provide job opportunities and training at Columbia-Presbyterian Medical Center.

As stated in the Declaration of Covenants and Restrictions dated December 14, 2011, Columbia University ("Columbia") has agreed to commit $1 million to expand the Stanley E. Michels Health Careers Scholarship Program in an effort to increase the number of residents from Community Districts 9 and 12 pursuing careers in health sciences.

In accordance with Columbia's commitment, in 2011 Columbia agreed to make ten (10) annual payments of $100,000, per the Payment and Reporting Schedule (see Exhibit A), to the Medgar Evers College Research and Development Corporation (the "College") for the Program. Annual payments began in 2011 and will continue through 2020, provided that the program continues to operate in substantially the same manner as it currently does. I am pleased to learn that with Columbia University funds, you were able to support 10 students from Districts 9 and 12 in the 2012-2013 academic year.

In June of each year, CUNY shall submit a report, per the Payment and Reporting Schedule (see Exhibit A), identifying how many students received the funds each year, the amount of funding each student received, the program in which they have enrolled, the zip code of their home address, and the community district in which they reside, to affirm their local resident status. The report should also include the total amount spent against the total amount received from Columbia at that time.
As in the past, the contact shall be [redacted]. Columbia University is pleased to be able to continue support of this important program and we look forward to working with you.

Sincerely,

[redacted]

February 25, 2011

The City University of New York  
535 East 80th Street  
New York, NY 10075

Dear [Name],

Through a special partnership between Columbia University, The City University of New York and the northern Manhattan community, the CUNY/Columbia University Health Sciences Internship Awards Program (the “Program”) was created to increase the number of local residents entering the medical field and provide job opportunities and training at Columbia-Presbyterian Medical Center.

As stated in the General Project Plan dated December 18, 2008, Columbia University ("Columbia") has agreed to commit $1 million to expand the CUNY-Columbia Health Sciences Award Program to increase the number of residents from Community Districts 9 and 12 pursuing careers in health sciences.

In accordance with Columbia’s commitment, Columbia hereby agrees to make ten (10) annual payments of $100,000 to the Medgar Evers College Research and Development Corporation (the “College”) for the Program. Disbursements shall be made by Columbia on July 30 of each year, to be available for students in the fall semester. The first payment shall be made by Columbia on July 30, 2011 and continue for ten (10) years through 2020, provided that the program continues to operate in substantially the same manner as it currently does.

On June 30 of each year the College shall submit a report to Columbia identifying how many students received the funds each year, the amount of funding they received, the program in which they have enrolled, and the zip code of their home address to affirm their local resident status. As in the past, the contact shall be [Name] [Contact Information].

Columbia University is pleased to be able to continue support of this important program and we look forward to working with you.

Sincerely,

[Name]  

cc: [Contact Information]
### Annual Report: Medical Technician Training Program

**Please Note:** CUNY manages the outreach efforts and the selection process for Obligation 5.07 (c)(xxii) - Medical Technician Training Program.

In late 2016, Columbia and CUNY met to review programs in the allied health field that include a clinical hours requirement and state/board certification for the completion of the program and decided to expand the list of approved programs and campuses that eligible students residing in Community Districts 9 and 12 can enroll in. All eligibility requirements for the scholarship remain the same. Continued inclusion of these programs will be reevaluated as necessary going forward. An updated listing of all campuses and programs is included after this annual report.

Some students listed below completed clinical hours prior to the 2018-2019 academic year but did not receive their monetary award until the 2018-2019 academic year. For this reason, they are included in this year's report.
