Community Information, Opportunities and Resources Center also referred to as the Columbia Employment Information Center (CEIC) or the “Center”. The Center shall be located on the site where the existing Columbia University Employment and Career Center is located, or in a location in or near the Project Site. The Center shall commence full operation with the acquisition by ESD or CU of all Initial Stage 1 Condemnation Parcels, and continue operation for a 25-year period from commencement of full operation of the Center. The Center shall provide information on all benefits provided under this Section 5.07 and resources, including a hotline and website presence, to enable local residents and businesses to receive prompt notification of business opportunities and available jobs at Columbia University, to learn about construction schedules, safety and mitigation, and to receive information about community-oriented service programs (i.e. job training, technical assistance, clinics, mentoring, volunteerism). The Center shall provide bilingual services and shall be staffed, in part, by persons devoted exclusively to serving as liaison with the community with respect to the obligations incurred by Columbia in connection with the project. The estimated annual minimum value of maintaining the Center shall be $325,000. Columbia shall collaborate with appropriate organizations to develop and maintain the center which shall provide, among other things, the following services:

(A) Provide access to Columbia’s job listings with detailed descriptions of job qualifications, including a regularly updated information hotline to provide callers with information relating to Declarant’s employment opportunities and continuing counsel and assistance to local residents seeking employment with Declarant.

(B) Coordinate Columbia’s resources with (i) appropriate job training centers, (ii) City, State and Federal agencies and (iii) other educational institutions and organizations to provide bilingual referral information regarding services for small businesses, leasing space from Declarant and facilitating access to integrated support services.
(C) Identify and provide referrals to training programs and classes in areas such as the skilled trades, administrative support, technology, management, and administration, and where feasible, coordinate with State and City education programs and institutions in the administration of such programs.

(D) Coordinate and host job fairs and job training/job readiness in the community not less than once a year.

(E) Assist local residents in the identification of business, education, training, and career opportunities that provide opportunities for hands-on learning, and competency based instruction based on industry standards. Such programs shall include one group session per month where up to forty (40) persons per session will receive:

[i] Referrals for skills training, internships and work-based learning opportunities with Declarant and through community-based organizations supported by Declarant.

[ii] A catalog of Declarant’s community outreach programs.

[iii] Access to work-based learning programs for high school students, high school dropouts, individuals transitioning from welfare-to-work, individuals with special needs, and veterans.
